ATTN: TSCA Section 4 Dioxin/Furans Report

Letter To Oksana Pozda Dated February 13, 2006
Test Substance 2,5-Dichlorophenol (CAS # 583-78-8)

Dear Ms. Pozda:

Under cover of the above referenced letter we transmitted to you six (6) copies with raw data of the report entitled *Determination of Polychlorinated Dibenzo-p-dioxins and Polychlorinated Dibenzofurans by Isotope Dilution GC/HRMS in Collected Samples of 2,5-Dichlorophenol (2,5-dichlorophenol – CAS # 583-78-8)*.

On February 27, 2006 we received a telephone call from Pam Mosely of EPA seeking clarification of the confidentiality of the submission and requesting that certain pages be provided which were missing from the submission. Therefore:

1. I confirm that Albaugh is not claiming confidential treatment for the submission or the identity of the test substance; and
2. Enclosed please find six (6) copies of missing pages 534-35, 547-48, 559-60 and 770.

Sincerely,

Stuart I. Feldstein
Vice-President
